STAN
VODKA

Perfection in every drop

Qstan is an ultra-premium vodka made from the highest-quality wheat harvested in the fields of Kazakhstan and the purest natural water from the Burabay region. It is produced taking into account the experience of master distillers and under strict control at all stages of production — from grain to bottle.

QSTAN Legend of Qazaqstan
A true legend of the steppes: noble raisins and a duo of aromatic herbs (sweet clover, oregano, thyme).

QSTAN Nomad Select
The depth of the malt extract, with the berry-like tartness of juniper and the sweetness of raisins.

XAOMA ULTRA PREMIUM VODKA

“A LEGEND EMBODIED IN GLASS.”

This is not just vodka — it’s a journey through time. Inspired by the ancient secrets of the haoma-varg, we combined the purest malt, crystal-clear artesian water, and the spirit of steppe herbs to create a drink worthy of the great khans. Every drop of XAOMA is the power of nature, the wisdom of our ancestors, and an impeccable taste that captivates from the first sip. A revolution that has been awaited for 15 centuries.

XAOMA

VODKA

“A DRINK THAT INSPIRES AND GRANTS STRENGTH!”

In ancient times, the Haoma-Varg tribes roamed the vast expanses of modern-day Kazakhstan; they possessed the unique art of making the wonderful drink “haoma”. It was believed that it bestowed heroic strength and health, glory and wisdom, protected from enemies, and even promised immortality. Over time, the recipe was lost, and for many centuries people searched for it in vain. Xaoma vodka is a harmony revived by masters — a harmony of pure alcohol, natural water, and aromatic infusions of steppe herbs, bringing the legend to life.

KHAN SAYAT

NOBLE NOMAD BITTER

Imagine nomadic tribes conquering new expanses: they cross scorching deserts and vast steppes, make their way through dense forests and mountain rivers, carefully selecting plants in search of unique strength and value. Their goal is to create a drink that will fill the soul and body with the invigorating energy of nature.

The bitter drink “Khan Sayat” transports us to the world of ancient nomadic traditions, combining a unique composition of 37 herbs and berries, hand-picked in the untouched region of Burabay. The complex composition gives the drink a multifaceted taste with bright, yet delicate notes of freshly picked herbs, accompanied by a long, warm aftertaste.
